

CCI Evaluation License Agreement

Version 0.3

Effective date of this published version: 29 September 2026

This Agreement is made between:

(1) ARROWMANE LIMITED, a company incorporated in England and Wales with company number 16735712, whose registered office is at 128 City Road, London EC1V 2NX, United Kingdom, which operates Color Communication Infrastructure (“CCI”); and

(2) the organization identified in the Order Form (the “Licensee”).

CCI issues this Agreement only after successful Organization Verification. It becomes binding on the Effective Date defined below.

1. Definitions and interpretation

1.1 In this Agreement:

“Activation Date” means the date stated in CCI’s activation notice as the date on which Evaluation Access is first made available to the Licensee. The Evaluation Term begins on that date whether or not a Named User first logs in on that date;

“Affiliate” means any entity that directly or indirectly controls, is controlled by, or is under common control with a party, where “control” means ownership of more than 50% of the voting rights or the power to direct management and policies;

“Background IP” means Intellectual Property Rights owned or licensed by a party before the Effective Date, or developed by or for that party independently of this Agreement without use of the other party’s Confidential Information;

“CCI Technology” means CCI.ID.1, CCI Resolution, CCI Gateway, CCI Authority, the CCI identity record, CCI Names and all related specifications, methods, protocols, software, systems and know-how of CCI, whether or not patented or patentable;

“Confidential Information” means all information disclosed by or on behalf of a party in connection with this Agreement that is marked or identified as confidential, or that a reasonable person would regard as confidential. CCI’s Confidential Information includes the Evaluation Materials;

COLOR COMMUNICATION INFRASTRUCTURE

“Controlled Documentation” means the technical specifications, protocol descriptions, interface definitions, architecture documents and other documentation that CCI makes available to the Licensee under this Agreement;

“Credit Period” means the period of twelve (12) months from the Activation Date;

“Designated Affiliate” means an Affiliate of the Licensee that CCI has expressly approved in writing to receive the Production Credit or enter into a Qualifying Production License in place of the Licensee;

“Effective Date” means the date on which the Licensee’s authorized signatory electronically accepts the execution copy of this Agreement issued by CCI following successful Organization Verification;

“Evaluation Access” means the credentials, permissions and other access that CCI provides to Named Users for the Evaluation Environment;

“Evaluation Environment” means the non-production environment hosted or controlled by CCI in which the Licensee may evaluate the CCI Technology;

“Evaluation Materials” means the Evaluation Environment, Evaluation Access, Controlled Documentation, CCI Technology and all credentials, data, software, results and outputs made available by CCI under this Agreement;

“Evaluation Profile” means the evaluation scope agreed under clause 7 and recorded in Schedule 2, including the Implemented capabilities, objectives, tests, Named Users, test data, timetable and engagement arrangements approved for the evaluation;

“Evaluation Purpose” means the Licensee’s internal evaluation of the CCI Technology solely to determine whether to enter into a Production License;

“Evaluation Term” means the period beginning on the Activation Date and ending on the Expiry Date, unless extended under clause 13.2;

“Expiry Date” means the date ninety (90) days after the Activation Date;

“Fee” means £36,000, exclusive of VAT and any other applicable taxes;

“Feedback” means any suggestion, comment, idea, improvement, result or other information about the CCI Technology that the Licensee or a Named User provides to CCI;

“Implemented” means a capability that CCI identifies in the Evaluation Profile as built and exercised in engineering against recorded evidence, without implying production hardening, certification or global-scale verification;

“Intellectual Property Rights” means patents and patent applications, including UK patent application GB2622819.7, rights to inventions, copyright, database rights, rights in designs, trade marks, rights in confidential information and know-how, and all similar rights anywhere in the world, whether registered or not;

“Named User” means an individual employed or engaged by the Licensee who is identified in the Order Form or subsequently approved by CCI in writing and who has completed the verification required by CCI;

“Order Form” means Schedule 1 as completed for the Licensee and incorporated into this Agreement;

“Organization Verification” means CCI’s verification of the Licensee, its authorized signatory and Named Users, including identity, organization, sanctions, export-control and other compliance checks that CCI considers applicable;

“Production Credit” means the amount described in clause 9;

“Production License” means a definitive written license agreement under which CCI grants production rights in relation to the CCI Technology;

“Qualifying Production License” means the first Production License entered into within the Credit Period by the Licensee or, if CCI expressly approves it in writing, a Designated Affiliate;

1.2 Headings do not affect interpretation. “Including” and “include” mean “including without limitation”. A reference to a statute includes it as amended or re-enacted.

1.3 If there is a conflict, the following order of precedence applies: (a) these Terms; (b) the Order Form; (c) the Evaluation Profile; and (d) the Controlled Documentation, unless a higher-ranking document expressly states that a specified lower-ranking term overrides it.

2. Evaluation License

2.1 Subject to the Licensee’s compliance with this Agreement and payment of the Fee, CCI grants the Licensee a non-exclusive, non-transferable, non-sublicensable license, during the Evaluation Term only, for the Named Users to access and use the Evaluation Materials solely for the Evaluation Purpose and within the Evaluation Profile.

2.2 This Agreement grants no production, deployment or implementation rights. The Licensee must not use the Evaluation Materials to carry live communications, serve end users or customers, issue

or register CCI.ID.1 identities or CCI Names for use outside the Evaluation Environment, or act as a registrar in production.

2.3 Registrar functionality may be evaluated within the Evaluation Environment only where the Evaluation Profile expressly provides for it.

2.4 Testing is limited to capabilities identified as Implemented in the Evaluation Profile. A capability described as Designed, planned, proposed or otherwise not Implemented may be discussed or documented but may not be treated as available for testing unless CCI expressly adds it to the Evaluation Profile in writing.

2.5 All rights not expressly granted are reserved to CCI. No license is granted by implication, estoppel or otherwise.

3. Organization Verification, payment and activation

3.1 CCI will complete Organization Verification before issuing this Agreement for electronic signature. CCI may repeat or update verification checks at any time before or during the Evaluation Term.

3.2 No payment is requested before Organization Verification has been completed successfully and this Agreement has been accepted by the Licensee's authorized signatory.

3.3 Following the Effective Date, CCI will issue the applicable invoice or payment instruction. The Fee is due on receipt unless CCI expressly agrees different invoice terms in writing. Payment may be made by corporate card or bank transfer, including bank transfer against a corporate invoice or purchase order where agreed.

3.4 Payment alone does not create Evaluation Access. CCI will activate the Evaluation Environment after receipt of the Fee in cleared funds and completion of any final provisioning checks. CCI will use commercially reasonable efforts to activate within ten (10) business days after cleared funds are received.

3.5 CCI will notify the Licensee of the Activation Date. The ninety-day Evaluation Term begins on the Activation Date, not on the Effective Date, invoice date, payment date or first login date.

3.6 If, after payment but before activation, CCI determines that Organization Verification can no longer be completed satisfactorily, or that activation would breach applicable law or binding compliance requirements, CCI may terminate this Agreement before activation and will refund the Fee received, except to the extent a deduction is required or expressly permitted by applicable law or payment-processing rules.

3.7 If CCI has not activated the Evaluation Environment within thirty (30) business days after receiving the Fee in cleared funds for reasons not attributable to the Licensee, the Licensee may terminate this Agreement by written notice and CCI will refund the Fee in full.

4. Named Users and credentials

4.1 Named Users are the individuals identified in the Order Form or later approved by CCI. There is no fixed published cap on Named Users. Additional or substitute Named Users require CCI's prior written approval and applicable verification.

4.2 Credentials are personal to each Named User. They must not be shared and may be used only from accounts and devices under the Licensee's control.

4.3 The Licensee is responsible for the acts and omissions of its Named Users as if they were its own. It will notify CCI promptly if a Named User ceases to be engaged by the Licensee or if any credential is, or is suspected of being, compromised.

4.4 CCI may suspend or revoke Evaluation Access for a Named User where reasonably necessary to protect the security, integrity or lawful operation of the CCI Technology or Evaluation Environment.

5. CCI's evaluation obligations

5.1 CCI will provide Evaluation Access, the Controlled Documentation made available for the Evaluation Profile and a technical counterpart for engagement during the Evaluation Term.

5.2 CCI will provide availability and engagement in accordance with the Evaluation Profile, including any agreed working hours, time zones and communication channels. No service level or production support commitment applies unless expressly stated in writing.

6. Restrictions and security

6.1 Except to the extent that applicable law expressly permits an act and does not allow that permission to be excluded by contract, the Licensee must not, and must ensure that its Named Users and any person acting on its behalf do not:

6.1(a) copy, modify, translate or create derivative works of the Evaluation Materials except as reasonably necessary for the Evaluation Purpose and expressly permitted by the Evaluation Profile;

6.1(b) reverse engineer, decompile, disassemble or otherwise attempt to derive source code, algorithms, protocols or internal structure of the CCI Technology;

COLOR COMMUNICATION INFRASTRUCTURE

6.1(c) use the Evaluation Materials or CCI's Confidential Information for any purpose other than the Evaluation Purpose, including to design, develop, specify or procure any competing or substitute product, service, standard or specification;

6.1(d) publish or disclose any benchmark, test result, performance data or evaluation outcome relating to the CCI Technology without CCI's prior written consent;

6.1(e) circumvent, disable or interfere with any security, access-control, rate-limit, logging or monitoring feature of the Evaluation Environment;

6.1(f) connect the Evaluation Environment to production systems or live traffic, or introduce live personal data into it, except as expressly agreed in the Evaluation Profile and under any required data-processing terms;

6.1(g) make the Evaluation Materials available to any person other than a Named User;

6.1(h) file, or assist any person to file, any patent application or other application for Intellectual Property Rights that claims, or is derived from, the CCI Technology or CCI's Confidential Information; or

6.1(i) conduct destructive, denial-of-service, credential-stuffing, social-engineering or other testing outside the tests expressly approved in the Evaluation Profile.

6.2 Nothing in this Agreement prevents the Licensee from developing technology independently, without use of the Evaluation Materials or CCI's Confidential Information, subject always to CCI's Intellectual Property Rights.

6.3 The Licensee will promptly report any suspected security vulnerability or unauthorized access affecting the Evaluation Environment to evaluation@colorci.com and will not exploit, publish or disclose the matter except as agreed with CCI or required by law.

7. Evaluation Profile and engagement

7.1 The parties will agree the Evaluation Profile before the Activation Date where practicable and, in any event, within five (5) business days after it. The Evaluation Profile will record the evaluation objectives, Implemented capabilities in scope, approved tests, test data, Named Users, decision criteria, decision-makers, timetable and engagement arrangements.

7.2 The parties will hold a review at approximately the mid-point of the Evaluation Term and a close-out review before the Expiry Date.

7.3 The Evaluation Profile is a working document. It does not create production rights, alter the ownership of Intellectual Property Rights or oblige either party to enter into a Production License.

8. Fee and taxes

8.1 The Fee is £36,000, exclusive of VAT and any other applicable taxes, which the Licensee will pay in addition at the applicable rate.

8.2 The Fee is invoiced after the Effective Date and is payable as stated in clause 3.3. Activation takes place only after the Fee has been received in cleared funds.

8.3 All payments will be made without set-off or deduction. If withholding is required by law, the Licensee will pay such additional amount as is necessary to ensure that CCI receives the full Fee, except to the extent prohibited by applicable law.

8.4 Except as expressly provided in this Agreement or required by law or applicable payment-processing rules, the Fee is non-refundable. Once the Evaluation Environment has been activated, the Evaluation License is non-cancellable and the Fee is non-refundable.

9. Production Credit

9.1 If the Licensee enters into a Qualifying Production License within the Credit Period, CCI will credit £36,000, excluding taxes, against the license-fee component payable under that Qualifying Production License, beginning with the first invoice.

9.2 CCI may, at its sole discretion and only by express written approval, designate an Affiliate as a Designated Affiliate for the purposes of the Qualifying Production License and Production Credit.

9.3 The Production Credit may be applied once only. It is personal to the Licensee or an approved Designated Affiliate, is not otherwise transferable or assignable, has no cash value and cannot create a refund, payment or negative balance.

9.4 The Production Credit cannot exceed the license-fee component payable under the Qualifying Production License. Any unused residual balance lapses unless CCI expressly agrees otherwise in writing.

9.5 The Production Credit lapses at the end of the Credit Period if no Qualifying Production License has been entered into by then and lapses immediately if CCI terminates this Agreement under clause 13.3.

10. Evaluation as a condition of production

10.1 CCI grants Production Licenses only to an entity that holds or has held a CCI Evaluation License, or to an Affiliate that CCI has expressly approved in writing for that purpose.

10.2 The Licensee will not, and will ensure that no person acting on its behalf will, seek or obtain production rights in the CCI Technology by any route intended to avoid clause 10.1, including through a newly formed entity, joint venture, nominee or third-party integrator.

10.3 The Licensee is responsible for any breach of this clause 10 by a person acting on its behalf as if it were the Licensee's own breach.

11. Intellectual property and Feedback

11.1 Each party retains its Background IP. Nothing in this Agreement transfers or licenses either party's Background IP except as expressly stated.

11.2 CCI and its licensors own all Intellectual Property Rights in the CCI Technology and the Evaluation Materials, and in any modification, improvement or derivative work of the CCI Technology, excluding the Licensee's Background IP.

11.3 To the extent that any Intellectual Property Rights described in clause 11.2 vest in the Licensee, the Licensee assigns them to CCI with full title guarantee and will sign any document reasonably required to give effect to that assignment.

11.4 The Licensee grants CCI a perpetual, irrevocable, worldwide, royalty-free and freely transferable license to use, disclose and exploit Feedback for any purpose, without attribution or obligation to the Licensee.

11.5 No right is granted to use or disclose CCI's Confidential Information on the basis that it is retained in the unaided memory of any person. Clause 12 applies in full to information so retained.

12. Confidentiality and publicity

12.1 Each party will keep the other party's Confidential Information confidential, use it only to perform or exercise its rights under this Agreement and disclose it only to its employees, officers and professional advisers who need to know it and are bound by obligations of confidence at least as protective as this clause.

12.2 Clause 12.1 does not apply to information that the recipient can demonstrate: (a) is or becomes public other than through breach of this Agreement; (b) was lawfully in the recipient's possession before disclosure; (c) is lawfully received from a third party without restriction; or (d) is independently developed without use of the other party's Confidential Information.

12.3 A party may disclose Confidential Information where required by law, a court or a regulator, provided that it gives the other party prompt notice where lawful and discloses only what is required.

12.4 These obligations continue for five (5) years after this Agreement ends and indefinitely for any trade secret.

12.5 Neither party will publicly announce this Agreement or use the other party's name, trade marks or logos without the other party's prior written consent, except where disclosure is required by law.

13. Term, suspension and termination

13.1 This Agreement starts on the Effective Date and, unless terminated earlier, ends on the Expiry Date.

13.2 The Evaluation Term may be extended only by written agreement between the parties on terms agreed at the time. The Licensee has no automatic right to an extension.

13.3 CCI may terminate this Agreement or suspend Evaluation Access with immediate effect by written notice if the Licensee breaches clause 4.2, 6, 10, 11 or 12, or if CCI reasonably believes that continued performance would breach applicable sanctions, export-control, anti-bribery or other binding law.

13.4 Either party may terminate this Agreement by written notice if the other party commits a material breach that it fails to remedy within fifteen (15) days after notice, or if the other party becomes insolvent. If the Licensee terminates under this clause for CCI's breach after activation, CCI will refund a pro rata portion of the Fee attributable to the unexpired Evaluation Term.

13.5 When this Agreement ends, all Evaluation Access and licenses end. The Licensee will, within ten (10) days, return or destroy all Evaluation Materials and CCI Confidential Information in its possession or control, except copies retained solely where required by law or automatic backup systems and kept subject to clause 12, and will certify destruction on request.

13.6 Clauses 1, 6, 8.4, 9 to 12, 13.5, 14 to 17 and any provision which by its nature is intended to survive will continue after expiry or termination.

14. Status of the CCI Technology and warranties

14.1 The Licensee acknowledges that the CCI Technology is pre-production. Capabilities identified as Implemented have been built and exercised in engineering against recorded evidence. They have not thereby been represented as production-hardened, formally certified or demonstrated at global

scale. Capabilities not identified as Implemented in the Evaluation Profile are outside the licensed test scope.

14.2 The Evaluation Materials are provided “as is”. To the fullest extent permitted by law, all warranties, conditions and terms implied by statute, common law or otherwise are excluded.

14.3 The Evaluation Environment must not be used for emergency communications or any purpose where failure could result in death, personal injury or damage to property.

14.4 Each party warrants that it has full power and authority to enter into this Agreement. The Licensee warrants that the individual accepting it on its behalf is authorized to bind the Licensee.

15. Liability

15.1 Nothing in this Agreement limits or excludes liability for death or personal injury caused by negligence, fraud or fraudulent misrepresentation, or any other liability that cannot lawfully be limited or excluded.

15.2 Subject to clause 15.1, CCI is not liable for any loss of profits, revenue, business, goodwill or data, or for any indirect or consequential loss.

15.3 Subject to clause 15.1, CCI’s total aggregate liability arising under or in connection with this Agreement is limited to the amount of the Fee paid.

15.4 Clauses 15.2 and 15.3 do not limit the Licensee’s liability for breach of clauses 4.2, 6, 10, 11 or 12, or for its obligation to pay the Fee.

15.5 The Licensee acknowledges that damages may not be an adequate remedy for breach of clauses 6, 10, 11 or 12 and that CCI may seek injunctive or other equitable relief.

16. Compliance and data protection

16.1 Each party will comply with applicable anti-bribery, sanctions and export-control laws in connection with this Agreement. The Licensee warrants that neither it, any Named User nor any other person materially participating in the evaluation on its behalf is the subject or target of sanctions administered by the United Kingdom, United States, European Union or United Nations.

16.2 Each party is an independent controller of business contact details it receives from the other party and will process them in accordance with applicable data-protection law.

16.3 The Licensee will not introduce personal data into the Evaluation Environment except test data expressly agreed in the Evaluation Profile. If other personal data is to be processed, the parties will first enter into any data-processing agreement required by applicable law.

17. General

17.1 Entire agreement. This Agreement, including the Order Form and Evaluation Profile, is the entire agreement between the parties about its subject matter. Each party acknowledges that it has not relied on any statement not set out in this Agreement. Nothing in this clause limits liability for fraud.

17.2 Assignment. The Licensee may not assign, transfer or subcontract any of its rights or obligations without CCI's prior written consent. CCI may assign this Agreement to an Affiliate or to a successor to the relevant CCI business.

17.3 Variation and waiver. Any variation must be in writing and agreed by authorized representatives of both parties. A failure or delay in exercising a right is not a waiver.

17.4 Severance. If any provision is found invalid or unenforceable, it will be modified to the minimum extent necessary to make it valid or enforceable and the remaining provisions will continue in effect.

17.5 Force majeure. Neither party is liable for delay or failure to perform caused by events beyond its reasonable control, other than an obligation to pay money already due.

17.6 No partnership. Nothing in this Agreement creates a partnership, joint venture or agency between the parties.

17.7 Third-party rights. No person other than the parties has any right under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Agreement.

17.8 Notices. Notices must be in writing. Notices to CCI must be sent to evaluation@colorci.com, with a copy by post to Arrowmane Limited, 128 City Road, London EC1V 2NX, United Kingdom for any notice of breach or termination. Notices to the Licensee must be sent to the notice email stated in the Order Form, with a copy by post to its registered address for any notice of breach or termination.

17.9 Electronic contracting. CCI may issue this Agreement electronically. By completing the electronic signature or acceptance process presented by CCI, the Licensee's authorized signatory confirms that the signatory has read and agrees to this Agreement on behalf of the Licensee and is authorized to bind the Licensee. Electronic records and counterparts may be used as evidence of acceptance.

17.10 Governing law and jurisdiction. This Agreement and any dispute or claim arising out of or in connection with it, including non-contractual disputes or claims, are governed by the law of England and Wales. The courts of England and Wales have exclusive jurisdiction, except that CCI may seek injunctive or other protective relief in any jurisdiction where appropriate.

Schedule 1: Order Form

Field	Entry
Evaluation License ID	[generated by CCI]
Licensee legal name	
Registered address	
Country or territory of registration	
Company or registration number	
VAT or tax identification number	
Authorized signatory	[name, title, email]
Technical counterpart	[name, title, email]
Named Users	[name, title, email - list]
Fee	£36,000 plus applicable taxes
Evaluation Term	Ninety (90) days from the Activation Date
Credit Period	Twelve (12) months from the Activation Date
Payment	Corporate card or bank transfer, including against an approved corporate invoice / purchase order
Purchase order reference	
Licensee notice email	
Agreement version	Version 0.3, effective 29 September 2026
Acceptance record	[electronic signature / acceptance timestamp and record]

The Licensee accepts this Agreement through CCI's electronic signature or acceptance process. The acceptance record must identify the authorized signatory, the Licensee, this Agreement version and the date and time of acceptance.

Schedule 2: Evaluation Profile

To be agreed before the Activation Date where practicable and in any event within five (5) business days after it under clause 7.

Field	Entry
Objectives	The questions the Licensee needs to answer.
Implemented capabilities in scope	Only capabilities expressly listed here are approved for testing.
Tests	The scenarios and tests to be run in the Evaluation Environment.
Named Users	The approved users participating in the evaluation.
Test data	Approved test data. No live personal data unless expressly agreed and covered by required data-processing terms.
Decision criteria	The results that would justify consideration of a Production License.
Decision-makers	The people on each side and the applicable decision authority.
Timetable	Kick-off, approximately day-45 review and close-out review before day 90.
Availability and engagement	Working hours, time zones, communication channels and response expectations for both teams.
